# Commemorative Donation Policy

## Policy Statement

The Municipality values the opportunity to work with its citizens to provide a way to memorialize or commemorate loved ones, organizations or special events. The purpose of the commemorative donation program is to provide a means for members of the public and organizations to recognize, honor and celebrate people and groups through a lasting tribute. The contributions made through this program will also benefit our community's public spaces and will increase public enjoyment of our outdoor spaces.

## Common types of Commemorations:

- To honor service to the community or local organization.
- To honor an important event, birthday/anniversary.
- To honor a loved one who's passed.

## Policy Statement

A guarantee will be placed on the commemorative object for 10 years from the date of installation. The municipality will review items for damage on an annual basis and, if determined necessary, will replace item damaged by natural causes. Items damaged by vandalism will be replaced once at the municipality's cost.
